# DH1300PLUS

**Bohrhammer  
rotary hammer**

**5907902901**

**0188**

update: 26.10.2016

| Skizze   | Art.Nr.    | Benennung                                      | description             |
|----------|------------|------------------------------------------------|-------------------------|
| 1        | 5907902002 | Gummikappe                                     | front cover             |
| 3        | 5907902003 | Kunststoffkappe                                | steel ball rack         |
| 4        | 5907902004 | Feder                                          | steel ball spring       |
| 5        | 5907902005 | Vorderers Gehäuse                              | front placket           |
| 6        | 02091229   | Zylinderschraube mit Innensechskant M5x40      | screw                   |
| 7        | 02012503   | Scheibe Ø5                                     | flat washer             |
| 8        | 88002457   | Federring                                      | spring washer           |
| 9        | 5907902006 | Wellendichtring                                | oil seal                |
| 10       | 5907902007 | Lagerscheibe                                   | bearing washer          |
| 11       | 5907902008 | Rillenkugellager                               | bearing 61906           |
| 12       | 5907902009 | Kugeln                                         | steel ball              |
| 13       | 5907902010 | Drehhülse                                      | rotary sleeve           |
| 14       | 5907902011 | O-Ring 13x3                                    | O ring 13*3             |
| 15       | 5907902012 | O-Ring 19,8x2                                  | O ring 19.8*2           |
| 16       | 5907902013 | O-Ring 11x2                                    | O ring 11*2             |
| 17       | 5907902014 | Schlagbolzen                                   | impact hammer           |
| 18       | 5907902015 | Druckluftschlagkolben                          | air hammer              |
| 19       | 5907902016 | O-Ring 18x3,5                                  | O ring 18*3.05          |
| 20       | 5907902017 | Sicherungsring                                 | clip ring               |
| 21       | 5907902018 | Dämpfungsring                                  | damping clip ring       |
| 22       | 5907902019 | Feder                                          | damping ring            |
| 23       | 5907902020 | Sicherungsring                                 | clip ring               |
| 24       | 5907902021 | Kugeln                                         | steel ball              |
| 25       | 5907902022 | Zylinder                                       | cylinder                |
| 26       | 5907902023 | Kugelsitz                                      | trip fixed seat         |
| 27       | 5907902024 | Kugeln                                         | steel ball              |
| 28       | 5907902025 | Kugeln                                         | steel ball              |
| 29       | 5907902026 | Zahnrad                                        | big gear                |
| 30       | 5907902027 | Scheibe für Zahnrad                            | big gear washer         |
| 31       | 5907902028 | Sperring                                       | blocking ring           |
| 32-35+19 | 5907902029 | Kolben kpl.                                    | piston cpl.             |
| 36       | 5907902030 | Scheibe für Kupplung                           | clutch washer           |
| 37       | 5907902031 | Fettlager                                      | oil bearing             |
| 38       | 391020100  | PT Schraube Linsen Kopf                        | screw                   |
| 39+42+43 | 5907902032 | Drehknopf außen Gang 1/2                       | outside button          |
| 40+15    | 5907902033 | Drehknopf innen Gang 1/2                       | inner button            |
| 41       | 5907902034 | Sicherungsring für Bohrung J 24x1,2            | clip ring               |
| 44       | 5907902035 | Getriebegehäuse                                | gear box                |
| 45       | 5907902036 | Spindel                                        | spindle                 |
| 47+46+48 | 5907902037 | Fettabdeckung                                  | oil cover               |
| 49       | 5907902038 | Gummimanschette                                | rubber sleeve           |
| 50       | 02012708   | Federring A10                                  | damping washer          |
| 51       | 02012507   | Scheibe A10                                    | flat washer             |
| 52       | 5907902039 | Feder                                          | damping ring            |
| 53       | 5907902040 | Platte                                         | damping washer          |
| 54       | 5907902041 | Zylinderschraube mit Innensechskant und Zapfen | damping screw           |
| 55       | 5907902042 | Kegelrad mit Spindel                           | small gear              |
| 56       | 5907902043 | Passfeder                                      | flat key                |
| 57       | 06206001   | Rillenkugellager 6001ZZ                        | bearing 6001            |
| 58       | 5907902044 | Zahnrad                                        | second gear             |
| 59       | 01047107   | Sicherungsring für Welle A10x1                 | clip ring               |
| 60       | 5907902045 | Kupplungszahnrad                               | second gear clutch      |
| 61       | 5907902046 | Feder mit Scheibe                              | small gear damping ring |
| 62       | 06200627   | Rillenkugellager 627 Z                         | bearing 627             |
| 63       | 5907902047 | Stift                                          | guide post              |
| 64       | 5907902048 | Schaltklausen oben                             | first gear drive plate  |
| 65       | 5907902049 | Schaltklausen unten                            | second gear drive plate |
| 66       | 5907902050 | Klemmplatte                                    | blocking plate          |
| 67       | 5907902051 | Feder                                          | blocking plate ring     |
| 68       | 06206003   | Rillenkugellager 6003 Z                        | bearing 6003            |
| 69       | 5907902052 | Sicherungsring                                 | clip ring               |
